Welcome to Pikeland Community School for the 2018-2019 school year. This handbook is provided to students and their families to acquaint them with the rules, regulations, procedures, and other relevant information necessary for the orderly functioning of the school. It has been structured to help promote student progress as well as the interest of molding appropriate school government.

Lunches.....\$2.45

Adults.....\$2.60

Breakfast.....\$1.25 students and adults

Extra Milk.....\$.30

Free and reduced lunch and free book applications are available in the office.

Visitors

All visitors, including parents and siblings, are required to enter through the front door of the building. The security system requires visitors to be "buzzed" in after 8:30 each morning and for the remainder of the day. Each visitor must push the button on the intercom system and look at the camera and when prompted, state his/her name and the purpose for his/her visit. If deemed necessary, the visitor may be asked to provide identification. The office staff will electronically unlock the door in order for the visitor to gain entry into the building. A person will have a few seconds from the click to open the door. Please be patient when going through this process.

A visitor must sign in, identifying his/her name, the date and time of arrival, and the classroom or location of visit. An approved visitor must take a tag identifying as a guest and place the tag on his/her

outer clothing in a clearly visible location. A visitor is required to proceed immediately to his/her location in a quiet manner and **must return to the main office and sign out before leaving the school.**

A visitor is expected to abide by all school rules during his/her time on school property. A visitor who fails to conduct himself/herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

School Volunteers

All school volunteers must complete the Volunteer Information Form and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to the destination.

Student Records

School student records are confidential and information from them will not be released other than as provided by law.

The school and district routinely discloses directory-type information without consent. Directory information is limited to: name, grade level, academic awards, degrees and honors, information in relation to school-sponsored activities, organizations, and athletics. **Any parent/guardian or eligible student (student 18 or older) may prohibit the release of directory information by delivering a written request to the building principal.**

Access to Students and Student Records

Pikeland Community School requires a court order to identify a parent who is not allowed to see his/her child at school at times when other parents have that right. Also, a court order is needed for denial of access to records and one's child by the non-custodial parent. The school will need a notarized copy of the divorce decree or other form of court order to keep with the student's records.

Notice of Destruction of Temporary Records

Pikeland Community Unit District #10 annually reviews all student records. This school district keeps student information such as grades, classes taken, and graduation date for not less than 60 years. Other information such as disciplinary actions, test scores, and IEP information is retained for five (5) years. Parents of students and students who graduate or leave this school are hereby notified that if they wish a copy of any temporary information before it is deleted/destroyed, they must make that request to:

Pikeland Community Unit District #10
512 South Madison Street
Pittsfield, Illinois 62363

within five (5) years of graduation or departure from school. Temporary records will be destroyed five (5) years following graduation or departure from school.

Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact the Pikeland Community School Administration (217) 285-9462.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Pikeland Community School, with certain exceptions, obtain written consent prior to the disclosure of personally identifiable information from a child's education records. However, Pikeland Unit #10 School District may disclose appropriately designated directory information without written consent, unless the parent/guardian has advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the Pikeland Community School to include this type of information from a child's education records in certain school publications. Examples include the following:

- The annual yearbook
- Honor roll or other recognition lists
- Graduation programs
- Sports activity sheets, such as for wrestling, showing weight and height of team members.
- Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If a parent/guardian does not want Pikeland Community School to disclose directory information from his/her child(ern)'s education records without prior written consent, he/she must notify the district in writing by September 1. Pikeland Community School has designated the following information as directory information:

- Student's name
- Photograph
- Grade Level

- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honors, and awards received

These laws are: Section 9528 of the ESEA (20 U.S.C. 7908), as amended by the No Child Left Behind Act of 2001 (P.L. 107-110), the education bill, and 10 U.S.C. 503, as amended by section 544, the National Defense Authorization Act for Fiscal Year 2002 (P.L. 107-107), the legislation that provides funding for the Nation's Armed forces.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Medicaid Reimbursement Consent

Medicaid reimbursement is a source of federal funds approved by Congress to help school districts maintain and improve special education services. Therapy, diagnostic services, social work, health services, and transportation, etc. provided to a child are partially reimbursable. Unless a parent or guardian objects in writing, Pikeland Community Unit #10 will claim Medicaid reimbursement for services provided. These claims will have no impact on the ability to receive Medicaid funding either now or anytime in the future. If there is no objection to this release of information related to Medicaid claims for the child, the parent/guardian does nothing.

Four Rivers Special Education District

Medicaid Parental Consent Written Notification Letter

Consistent with requirements in 34 CFR 300.503(dc) and in the event that your child requires health-related services pursuant to an Individual Education Plan (IEP) we hereby give notice of the following:

1. That a written and signed parental consent has been or will be obtained before accessing a child's or parent's public benefits or insurance acknowledging that parent or guardian understands and agrees that the public agency may access the child's or parent's public benefits or insurance to pay for services under 34 CFR 300;
2. That personally identifiable information may be disclosed for the purpose of seeking reimbursement for Medicaid covered health-related services to its billing agent, other healthcare providers, the applicable State Agency or Insurance Program, and/or the Illinois Department of Healthcare and Family Services (HFS) as necessary to process claims;
3. That health-related services pursuant to in Individual Education Plan (IEP) will be provided to your child with no out-of-pocket expense to the child's parent or guardian; and
4. That you have a right under 34 CFR part 99 and part 300 to withdraw your consent to disclosure of your child's personally identifiable information and that your withdrawal or refusal of consent

does not relieve this public agency of its responsibility to ensure that all required services are provided at no cost to the parent or guardian.

Education of Homeless Children

Each child of a homeless individual and each homeless youth has equal access to the same free and appropriate public education, as provided to other children and youths, including a public pre-school education. A homeless child is defined as provided in the McKinney Homeless Assistance Act and State Law. The assistant superintendent has been appointed to coordinate this policy's implementation.

Animals on School Property

To assure student health and safety, animals are not allowed on school property, during school hours, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that: (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors, and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Due to privacy issues only administrative staff will be allowed to view/listen to video and/or audio recordings.

Emergency School Closings

In cases of bad weather and other local emergencies, please listen to any local radio (WBBA) or television stations (WGEM, KHQA) to be advised of school closings or early dismissals. The School Reach system will notify the parent/guardian by phone. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information.

For the child's safety, make certain the child knows ahead of time where to go in case of an early dismissal. If we dismiss early for an emergency, all after-school functions are automatically canceled.

Important: Any changes to phone numbers need to be called into the Pikeland Board of Education Office at 285-2147 to update the School Reach records. Failure to do so will prevent the parent/guardian from receiving alerts/messages.

Delayed Start

Inclement weather in the early morning hours during the winter months can often lead to decisions of closing school for the entire day due to unsafe travel over the roads. However, two hours later, the sun has

come out, the roads have been cleared and salted and travel is much safer.....and learning could be taking place in our classrooms. As a result of this scenario, the Pikeland administration has put the following plan in place.

With a delayed start, buses will arrive at the current pick-up points two hours later than their regularly-scheduled time. Those students who walk or drive to school should not arrive prior to the drop off times listed below. In the event a delayed start schedule is utilized, class periods will be shortened but dismissal times will NOT change. .

If a delayed start schedule is activated:

- Schools will begin exactly **two** hours later than usual
- All busses will operate exactly **two** hours later than usual.
- Parent drop off time will be **two** hours later than usual

Delayed Start Schedules are as follows:

Pikeland Preschool

Morning (a.m.) classes will be cancelled. Afternoon (p.m.) preschool classes will begin and end at their usual times.

South School Grades K-2

The school provides guidance and counseling programs for students. The school's counselors are available to those students who require additional assistance.

Mandated Reporters

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.

Safety Drill Procedures and Conduct

Safety drills will occur at times established by the administration. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration.

Sex Offender Notification Law

State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except for in the following circumstances as they relate to the individual's child(ren):

1. To attend a conference at the school with school personnel to discuss the progress of his/her child(ren).
2. To participate in a conference in which evaluation and placement decisions may be made with respect to special education services for his/her child(ren).
3. To attend conferences to discuss issues concerning his/her child(ren) such as retention or promotion.

In all other cases, a convicted child sex offender is prohibited from being present on school property unless he/she obtains written permission from the superintendent or school board.

Anytime that a convicted child sex offender is present on school property – including the three reasons above – he/she is responsible for notifying the principal's office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children. A violation of this law is a Class 4 felony.

Sex Offender & Violent Offender Community Notification Laws

State law requires that all school districts provide parents/guardians with information about sex offenders and violent offenders against youth.

One may find the Illinois Sex Offender Registry on the Illinois State Police's website at:

<http://www.isp.state.il.us/sor/>.

One may find the Illinois Statewide Child Murderer and Violent Offender Against Youth Registry on the Illinois State Police's website at:

<http://www.isp.state.il.us/cmvo/>.

Chain of Command

Parents or students with a problem, concern, or need for information should first contact the staff members most closely related to the issue. In the case of a classroom issue, the teacher is the first contact, followed by the building principal, assistant superintendent, superintendent, and lastly the board of education.

With issues revolving around transportation, the bus driver is the first contact. It is then followed by the building principal, assistant superintendent, superintendent, and lastly the board of education in that order.

General Rules and Regulations

1. Students should not arrive before 8:00 a.m. unless instructed by school personnel. Grades 3-5 students are to sit in the gym until 8:18 and will then be dismissed to class. Exceptions to this rule will be determined by administration.

It is understood that these rules are not all inclusive. The administration shall take such action as is necessary to insure proper discipline and orderly conduct in the school. Action may be taken with respect to any offense which interferes with the learning climate or which impairs the well-being of the school, regardless of the existence and non-existence of a rule covering an offense.

Title I Program

The Pikeland Title I Program provides remedial reading and math support in grades K – 8. The purpose of Title I is to improve overall academic performance. Services are provided to those identified through teacher referral, state test scores, MAP Test scores, or individual screenings. Parents are notified of placement and have the right to refuse placement. However, refusals are rare because this is a supplemental program that complements the total curriculum.

The program is funded by a federal grant that is administered through the Illinois Office of Education. The grant application is written each year and must include a comprehensive and detailed plan of action. The Title I staff makes every effort to provide a valuable and enjoyable support program.

Family Life and Sex Education Classes

Students will not be required to take or participate in any class or courses in comprehensive sex education, including in grades 6-12, instruction on both abstinence and contraception for the prevention of pregnancy and sexually transmitted diseases, including HIV/AIDS; family life instruction, including in grades 6-12, instruction on the prevention, transmission, and spread of AIDS; instruction on diseases; recognizing and avoiding sexual abuse; or instruction on donor programs for organ/tissue, blood donor, and transplantation, if his or her parent or guardian submits a written objection. The parent or guardian's decision will not be the reason for any student discipline, including suspension or expulsion. Nothing in this Section prohibits instruction in sanitation, hygiene or traditional courses in biology.1

Parents or guardians may examine the instructional materials to be used in any district sex education class or course.

Invitations & Gifts

Party invitations or gifts for classmates should not be brought to school to be distributed. Items such as these are of a personal nature and should be mailed home. The office is unable to release addresses and phone numbers of students.

Treats & Snacks

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. All treats and snacks must be store bought and prepackaged in individual servings. Treats and snacks may not require refrigeration and must have a clearly printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value.

Breakfast

Breakfast is served each morning at PCS and is available to all students. Serving time begins at 8:00. The cost is \$1.25 a day for students and adults.

Lunch

Students may only leave for lunch with a responsible adult and must bring a note from their parent/guardian to the office when they leave campus for lunch. A note must be brought each time a student eats off campus. Students must sign out in the office when leaving for lunch and upon returning. Students returning must report to the place where there is a staff member on recess duty. Parents, grandparents, and siblings are invited to eat lunch with their student(s).

Cafeteria Rules and Procedures

Lunch cards will be issued at the beginning of the school year. Each student is required to use his/her card for each meal every day.

Pikeland Unit #10 has a policy that strongly encourages students to pay for their lunches in advance. In cases of emergency, students will be allowed to charge their lunches/and or breakfasts. All breakfast and lunch accounts must be paid in full by the end of each month. Any student who has a negative balance at the beginning of the month will be served an alternative lunch. Alternative lunch will consist of a peanut butter and jelly sandwich, a fruit and milk. Lunches are served daily at a cost of \$2.35. Adult lunches are \$2.50. One milk comes with each lunch. Extra milk is 30 cents. Students are allowed to bring their own lunches. Milk can be purchased for 30 cents. Soda is not allowed. **Free and reduced applications will be distributed to all students the first day of school and when new students enroll. Contact Susan Collins at 285-9462 with any questions.**

Tables and eating area are to be kept clean by the students. Paper and refuse should be placed in the proper containers. Excessive noise or general horseplay will not be tolerated while in the cafeteria. The teacher on duty will assist students if they need help. She/he will also enforce these rules.

1. Stand quietly in line, single file.
2. Do not throw food.
3. Do not leave the cafeteria without permission.
4. No soda or candy brought into the cafeteria for lunch.
5. Please, no glass containers should be brought.
6. Speak softly, no loud noise.

Fines, Fees, and Charges: Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parents or guardians to pay fees or certain charges. Students whose parents or guardians are unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

Fee Waiver Policy / Student Fees

1. **ASSESSMENT:** Parents or guardians may be charged fees relative to students as authorized by the Board of Education or in accordance with board policy or law. Student fees may include, but not necessarily be limited to, textbook rental. See Ill. Rev. Stat., ch. 122, par. 10-22.25.
2. **WAIVER: 1.IN GENERAL:** Fees may be waived or reduced by the Board of Education where good cause exists or the law requires such waiver or reduction. Good cause specifically includes the inability of parents or guardians to afford the fees. See Ill. Rev. Stat., ch.122, par.10-20.13.
3. **APPLICATION:** Parents or guardians unable to pay any fee shall apply to the principal for a waiver or reduction of such fee within seven (7) days after receiving notice that a fee is due. The notice of fees due shall advise parents or guardians that fees may be waived if they are unable to afford them and the procedures for initiating a request for a waiver. In the case of textbook rental fees, the application shall be made within seven (7) days after the scheduled date for student registration or after the day on which the student was registered, whichever is later.
4. **PROCEDURES:** The application for fee waiver shall state the specific reason or reasons a parent or guardian is unable to afford the fee which may include, but not necessarily be limited to, that the student is eligible for free lunches or breakfasts under the Community School Lunch Program. See Ill. Rev. stat., ch.122, par.712.1 et seq. Supporting documentation may be provided or requested by the principal, superintendent, or Board of Education. The principal shall make a recommendation to the superintendent regarding the waiver or reduction of a fee. The superintendent may approve or disapprove the waiver request in whole or in part. A parent or guardian not satisfied with the superintendent's action may request in writing within seven (7) days after being notified of the superintendent's action that the

superintendent submit such request to the Board of Education for its determination at its next regular board meeting. At the board meeting, the parent or guardian shall be provided the opportunity to be heard verbally or in writing. Any requirement to pay fees shall be deferred until a decision on a request for waiver is made by the superintendent or Board, as appropriate.

5. **INSTALLMENT PAYMENTS:** Where fees are not waived in their entirety, a parent or guardian may request to make payments on an installment basis. The principal and superintendent are authorized to allow such installment payments.

6. **DISCRIMINATION:** No discrimination or punishment of any kind, including the lowering of grades, or exclusion of classes, shall be exercised against a student whose parents or guardians are unable to purchase required textbooks or instruction materials or to pay required fees. See Ill. Rev. Stat., ch.122, par. 28-19.2(a). Remedies shall be pursued only against a child's parent or guardian.

Planners

Each student is given a student planner at the beginning of the year, and must keep the planner with him/her at all times to record class assignments and use as a hallway pass. Students who lose their planner will be required to purchase another one for \$5.00 in the office.

Phone Usage

The office phone may be used in the morning from 8:00 a.m. until 8:15 a.m., during lunchtime from 11:00 a.m. – 1:00 p.m. and after school. Students who receive phone calls during regular school hours *will not be allowed to the office to take the phone call, except in an emergency.* Instead, the office will take a message and get the message to the student so he/she can call during posted times. To promote responsibility, we limit students to call home for lunch money or homework. Please make every effort to arrange transportation or plans ahead of time. Students will not be routinely allowed to call home to ask/change plans.

P.E. Classes

Students in grades 6, 7, and 8 are required to dress out for P.E. to maintain a passing grade. Students will need a pair of black shorts, a red shirt, and a pair of tennis shoes. These things will be kept in their P.E. locker. Students will rent a P.E. lock for \$1.00 for the year.

Students in grades 3-4-5 do not dress out for P.E., but are required to wear a clean pair of tennis shoes to P.E. each day.

Asbestos Hazard Emergency Response Act

In accordance with the Asbestos Hazard Emergency Response Act (AHERA) the Board of Education of District #10 has notified workers, and building occupants and their legal guardians of activities related to asbestos containing building materials in the schools. Previously, District #10 submitted inspection reports and management plans to the Illinois Department of Public Health for approval as is required by the Federal and State Regulations. Copies of the inspection reports and the management plans are

available for inspection during normal office hours in the office of each school in the district. Additional information including response actions, post response action activities, re-inspection, and periodic surveillance are also included in the report.

Periodic surveillance activities are conducted to examine the materials identified as asbestos containing and to record any change in condition that might necessitate a change to a specific response action. Periodic surveillance is conducted at least every six (6) months as long as asbestos materials remain in the building.

Where and when projects occur is generally determined by the conditions of the material and accessibility to building occupants.

School maintenance personnel have received the required training.

The District will continue its efforts to maintain all asbestos containing materials remaining in an intact state and undamaged condition and will remove asbestos material in compliance with Federal and State regulations and with any planned renovation work as funds become available.

School Dances

School dances are held periodically throughout the school year. The dances are open to grades 6-8, and take place 6:30-9:00 p.m. Please be prompt when picking up your child at 9:00 p.m. These are a privilege to attend and not the right of all students. Some students are asked not to attend based on one or more of the following criteria: absences, behaviors, and suspensions. Students are notified if they are not to attend.

Cell phones may be brought to the dances, but they will be checked at the door. Students place their cell phones in the Pride Room. The Pride Room is kept locked at all times. Students will regain control of their cell phones when they are ready to leave the dance.

Integrated Pest Management Policy

Pikeland Community Unit District #10 has an Integrated Pest Management Policy. As required by Illinois law parents/guardians are being notified that periodically pesticides are used as a last resort to control pests. If parents/guardians wish to be placed on a registry to be notified prior to spraying pesticide, they should notify in writing the Board of Education Office, 512 South Madison Street, Pittsfield, Illinois 62363. In addition, a file of hazardous or toxic substances is maintained at each school of the district for the substances used at that school.

Medical

Student Medication

The Pikeland Unit 10 School Board adopted the following policy for administering medicines to students at school. **PLEASE NOTE:** All prescription medicine, which must be taken during school hours, is to be delivered **PERSONALLY** by the parent/guardian to the office at Pikeland Community School.

If a student needs to take prescription medication during the school day, the parent(s)/guardian(s) must obtain a Student Medical Authorization Form from the office. The form must be filled out, and signed by both the parent/guardian and the physician, and then returned to our office. Medication is to be in a current, labeled, dated prescription bottle. It is kept in a locked cabinet in the office, dispensed by school personnel, and logged. The student must take the medication in the presence of school personnel. Special written permission by a parent is needed in the office along with a label from the pharmacy if a student is to carry an inhaler. The office does not keep aspirin, Tylenol, or other over-the-counter medications on hand for students. The parent/guardian will need to bring those to the office and administer those at the time the student needs them.

The school will not administer over-the-counter medication to students (example: allergy medicine, Tylenol, cough syrup, etc.) unless prescribed by a doctor.

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a Student Medical Authorization Form.

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school related function other than as provided for in this procedure.

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed an Authorization for Student Self-Medication Form. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

Students with Food Allergies/or Other Medical Concerns

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations, and state rules.

If a student has a life-threatening allergy or life-threatening chronic illness, parents/guardians should notify the building principal at 285-9462.

Immunization, Health, Eye, and Dental Examinations

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade for the first time;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning.

Failure to comply with the above requirements by September 4 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. Out of state students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by September 4, the student must present, by September 4, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Dental Examination

All students entering kindergarten, second and sixth grades must present proof by May 22, 2019 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 22, 2019.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Communicable Diseases

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents or guardians are required to notify the school nurse if they suspect their child(ren) has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or be sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent or guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Pikeland Community Unit School District #10 Notice of Drug and Alcohol Abuse Prevention Program October 15, 1990

INTRODUCTION

THIS IS AN IMPORTANT NOTICE FOR ALL EMPLOYEES, STUDENTS, AND PARENTS OR GUARDIANS OF STUDENTS.

The Pikeland School District places great importance on eradication of drug and alcohol abuse. Our goal is to prevent alcohol abuse and maintain drug-free schools, campuses and workplaces. As part of our efforts to prevent drug and alcohol abuse, this notice is given to employees, students, and parents or guardians of students.

Eradication of drug and alcohol abuse is a national priority. Recent legislation, including the Drug-Free Workplace Act of 1988 (Public Law 100-690) and the Drug-Free Schools and Communities Act

Amendments of 1989 (Public Law 101-226), requires educational agencies that accept federal funds or grants to establish alcohol and drug policies and programs consistent with specific federal guidelines. This legislation impacts on our District because we compete for and accept federal funds and grants and receive federal financial aid to distribute to our students. To continue receiving federal funds and grants, we will enforce and implement the policies and programs established.

Copies of all drug and alcohol policies are available from the building principal. Information is also published in our employee and student handbooks.

HEALTH RISKS ARE ASSOCIATED WITH ABUSE

Use of drugs or controlled substances, except under professional supervision and prescription, and abuse of alcohol is dangerous. Drug and alcohol abuse jeopardizes the well being of the individual and the community. Decreased productivity and learning, serious health problems, breakdown of family and social relationships, and strain on personal and societal resources follow abuse.

To assist employees and students to become better aware of risks associated with drug and alcohol abuse, drug education and awareness programs are held from time to time. These programs provide a variety of information including that pertaining to the effects, attitudes, motivations of drug and alcohol use, as well as, how to help yourself or others to prevent or deal with abuse. You should attend these programs and are urged to encourage those you know who may need help to attend as well.

DRUG AND ALCOHOL USE PROHIBITED

Because of the importance we place on drug and alcohol abuse prevention, standards of conduct have been established. Copies of these standards are contained in employee and student handbooks that are provided to all employees and students. These rules, in general, prohibit the unlawful possession, use, distribution, manufacture, dispensation, or being under the influence of controlled substances, illicit drugs or alcohol by employees and students on property owned, leased, or used by the institution or at its sponsored or supervised activities. These standards of conduct are mandatory and are a condition of your continued employment or attendance in our district.

Employees or students who violate the standards of conduct established are subject to disciplinary action. These sanctions (consistent with local, state, and federal law) include up to and including suspension/expulsion from school or termination of employment and referral for prosecution. Sanctions will be imposed.

CRIMINAL SANCTIONS ALSO EXIST

Not only does violation of drug and alcohol rules jeopardize your status as an employee or student, but also you may be charged criminally under local, state and federal law for the unlawful possession, use, or distribution of illicit drugs and alcohol.

Criminal penalties are significant. Fines, imprisonment, or both may be imposed. Although the penalties are periodically revised, required minimum penalties, including mandatory imprisonment, are common. Loss of a driver or professional license also may follow.

DRUG AND ALCOHOL ABUSE COUNSELING AVAILABLE

Help is available for employees and students who are alcohol or drug abusers. As part of any disciplinary actions, employees or students may be required to participate in a drug or alcohol abuse program. Before

disciplinary problems arise, you should consider whether you might need help. A confidential conference can be arranged through the Counseling Center of Pike County.

Programs dealing with drug/alcohol education and prevention have also been established. Employees and students address the legal, social, and health consequences of drug/alcohol use. Information is made available regarding techniques to resist illegal drug/alcohol use.

YOUR COMMENTS AND SUGGESTIONS WELCOMED

We periodically review our policies on drug and alcohol abuse prevention programs. This review is designed to determine the effectiveness of our program, implement changes to the program if they are needed, and ensure that sanctions imposed are consistently enforced. Comments, suggestions, and questions are welcomed and should be directed to the superintendent.

Attendance and Absences

Attendance

Illinois law requires that whoever has custody or control of any child between seven (7) and seventeen (17) years of age (unless the child has already graduated from high school) shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session. Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Attendance Procedures

When a child has seen a physician for an illness, this should be reported to the school by way of a doctor's excuse stating the specific days to be excused. As a child's absences climb, the procedures for dealing with absences are as follows:

1. Notices to parents of students ages 6-17 when absences reach 4+ unexcused, 7+ unexcused/excused, or 9+ unexcused/excused combination.
2. Notice to Regional Office of Education Abolish Chronic Truancy Program when absences reach 6+ unexcused and make contact with parents
3. 2nd Notice to ROE ACT when absences reach 12+ unexcused and make contact with parents
4. 3rd Notice to ROE ACT when absences reach 18+ unexcused and make contact with parents
5. Notice to States Attorney when absences reach 19+ unexcused (High numbers of absences are dealt with and reported on an individual basis.) and make contact with parents

These absences will be charted for the past 180 school days. A new school year does not wipe out accumulated absences.

Student Absences

There are two (2) types of absences: excused and unexcused. Excused absences are as follows: illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, or other reason as approved by the principal. All other absences are considered unexcused. Pre-arranged excused absences must be approved by the principal. Pikeland Community

School will not grant an excused absence to a student, after the 7th student absence, without a doctor's note accompanying a student when he/she returns to school.

The school requires documentation explaining the reason for the student's absence. Procedures for returning to school after an absence:

1. A parent or guardian MUST call the school at 285-9462 between 8:00 a.m. and 9:00 a.m. to explain the reason for the absence. If a call is not made, a school official will call the home to inquire why the student is not at school.
2. No matter the circumstance, a student must report to the office after an absence of any length before reporting to class.
3. Upon returning to school, the student must have a written excuse from his/her parent/guardian to return to school. The written excuse should list specifically the days and the reason for the absence. This note is required for the student to obtain an admit slip to class and to receive credit for missed assignments. Failure to do so will result in an unexcused absence. All information contained in this note will be kept confidential.
4. If there is no note and phone call, the absence is unexcused and missed work may not be allowed to be made up.
5. Parents may call the office before 9 am and ask that work be gathered for their child. They may pick it up in the office after 3:30 pm, though parents/students are responsible for getting textbooks from the locker.
6. When a student is absent, he/she is responsible for making up all class work missed during the absence. The student has as many days as he/she was absent to make up the missed work. (If student misses four (4) days, he/she has four (4) days to turn in make-up work.)
7. In the event that a student attends a partial day, that student is responsible for collecting and turning in assignments before he/she leaves on that day. The exception to this rule is when a student leaves due to severe sickness or other emergencies.
8. Students entering or leaving the building during school hours must sign in or out through the main office.

PIKELAND COMMUNITY SCHOOL WILL NOT GRANT AN EXCUSED ABSENCE TO ANY STUDENT AFTER THAT STUDENT'S 7TH ACCUMULATED DAY OF ABSENCE, UNLESS A DOCTOR'S NOTE ACCOMPANIES THE STUDENT WHEN HE/SHE RETURNS TO SCHOOL.

Tardiness

If a student arrives late to school, he/she must report to the office to sign in. The office will keep track of tardies daily. This includes tardiness to classes throughout the day. Penalties for excessive tardiness (three (3) or more per quarter) will include lunch and after school detentions and Saturday detentions.

Truancy

A parent or guardian who knowingly and willfully permits a child to be truant may be convicted of a Class C misdemeanor, which carries a maximum penalty of thirty days in jail and/or a fine of up to \$1500.00

Truant Alternative Offering: A truant program is available to students of Pike and Adams County. The Regional Superintendent of Schools through a state grant administers this program.

Make-Up Work

If a student's absence is excused, or if a student is suspended from school, he/she will be permitted to make up any missed work, including homework and tests, for equivalent academic credit. The student will be permitted the same number of days as he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers. Students who are unexcused from school may not be allowed to make up missed work.

Military Excusal

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Grades and Testing

Grade Information

Our core curriculum consists of the following classes: reading, english, math, science, and social studies. Our staff sends quarterly progress reports at the middle of each nine (9) weeks for students earning any D/F at midterm. Students will also receive a report card every nine (9) weeks.

If your child receives an incomplete on his report card, it indicates he/she has not turned in enough material to receive a grade. This is a *very serious* problem. Our policy is a child must make up the missing work to receive a letter grade. Failure to do so could result in retention.

Grading & Promotion

PCS grading scale: A...100-93, B...92-85, C...84-75, D...74-69, F...68 and below.

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher. The first and third quarter report cards will be mailed home.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

For promotion to the next grade level, grades 3-4 must pass a majority of their academic classes. State law mandates that social promotion is not to occur.

All 5-8 grade students will be required to pass four (4) of the five (5) academic subjects, one of which must be reading, in order to be promoted to the next grade level.

Assignments

Assignments are used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of assignments will vary depending on a student's teacher, ability and grade level.

For grades 3 – 5, when a student has three (3) missing or late assignments, an Office Discipline Referral (ODR) will be issued, and the student will receive a half hour after school detention. If a student has repeated ODRS for missing assignments, he or she may receive an hour detention or even a Saturday detention.

For grades 6 – 8, when a student has a missing or late assignment, an Office Discipline Referral (ODR) may be filled out by the teacher.

Testing and Assessment

All students will take the state assessment provided by state. Third through fifth grade students are also assessed with the DIBELS assessment tool three (3) times a year, and third through eighth grade students are assessed with the MAP assessment three (3) times per year.

Parents/Guardians are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests. Parents can assist their students achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night's sleep the night before exams;
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
4. Remind and emphasize for students the importance of good performance on standardized testing;
5. Ensure students are on time and prepared for tests, with appropriate materials;
6. Teach students the importance of honesty and ethics during the performance of these and other tests;
7. Encourage students to relax on testing day.

Discipline

Dress Code

The objective of this dress code is to provide an appropriate educational environment while allowing students to dress comfortably within limits to facilitate learning. Students' attire can have a positive or negative effect on the learning process, contribute to students' success, and generate a safe and positive learning environment. We expect students to maintain the type of appearance that is not distracting to students, teachers, or the educational process of the school. A student who is subject to suspension or expulsion may be eligible for a transfer to an alternative school program.

Corporal punishment shall not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable use of force as needed to maintain safety for other students, school personnel, or persons, or for the purpose of self-defense or the defense of property.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Discipline of Student with Disabilities

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and Illinois State Board of Education's Special Education rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

Weapons

A student who uses, possesses, controls, or transfers a weapon, or any object that can reasonably be considered as or that looks like a weapon, shall be expelled for at least one (1) calendar year but no more than two (2) calendar years. Any item, such as a baseball bat, pipe, bottle, lock, stick, pencil, and pen, is considered to be a weapon if used or attempted to be used to cause bodily harm. The superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

Student Code of Discriminatory Harassment (Bullying)

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is **prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened

bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

You can contact building administrators or our Safe School Hotline (800) 418-6423 ext. 359 to report information about situations that might affect the safety of our school.

Bullying, teen dating/violence, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. These behaviors are not acceptable in any form and will not be tolerated at school or any school-related activity. The School District will take disciplinary action against any student who participates in such conduct or who retaliates against someone for reporting incidents of bullying, teen dating violence, intimidation, or harassment. Preventing students from engaging in these disruptive behaviors is achieved by fully enforcing these Board policies: 7:190 Student Discipline, 7:310 Restrictions on Publications and Written or Electronic Material, and 7:20 Harassment of Student Prohibited. Full implementation of these policies includes providing each student who violates one or more of them with appropriate consequences and remedial action as well as protecting students against retaliation for reporting such conduct. (The policies mentioned above can be accessed at the Pikeland CUSD #10 Board Office or PCS Main Office.)

Threats

Any student who makes a threat (whether verbal, written, or any other form) toward a teacher, administrator, staff member, or any other student will face suspension from school and possible expulsion by the Board of Education. If in the judgment of the principal a threat poses a physical danger to anyone, the police will be immediately notified. Pikeland Unit #10 will not tolerate any known threat to our safe school environment. Teachers, staff members, students, parents, and others are encouraged to inform the administration of any threat.

Discipline Policy

DUE PROCESS

The Board of Education subscribes to the belief that student-staff-board relationship problems should be solved within the school structure. The superintendent is responsible for establishing regular channels of communication among these respective groups, with roles and responsibilities clearly defined. Due process within the schools involves an investigation of the situation, proper notification, provision for hearings, and an adequate opportunity for the student to express his/her views concerning the matter.

GENERAL PHILOSOPHY ON DISCIPLINE

The Board of Education believes that the maintenance of good discipline is essential to the proper achievement of educational goals. In a general sense discipline is here defined as the degree of order maintained, the strategies employed to maintain that order, and the manner in which offenders are to be punished. Since training for effective citizenship is one of the important tasks of education, self-discipline should be the goal for every student in the district.

CLASSROOM REMOVAL

A certified staff member should remove a disruptive student from his/her class. The certified staff member and the building administrator will determine the time interval of removal if longer than one regular class period. It is understood that due process will be granted to each student. Detentions are assigned to students who abuse general school and classroom rules: chewing gum, eating candy, tardy,

inappropriate activity in the classroom, excessive failure to do assigned homework, etc. Lengths of detentions are at the discretion of the teacher assigning the detention.

DETENTIONS

All after-school detentions are to be served after normal school hours. Failure to serve an assigned after school detention will result in a Saturday morning detention from 8:30 a.m. to 12:00 p.m. for grades 5-8, and from 8:30-10:30 for grades 3-4. Failure to serve an assigned Saturday detention may result in an out-of-school suspension. Saturday detentions are served at Pittsfield High School and Pikeland Community School on alternating Saturdays. Students who report for Saturday detention without appropriate study materials (school work, library books, paper, pencil, dictionary) will not be admitted and will be assigned suspension time. No sleeping, note writing, or unacceptable behavior is allowed. Students asked to leave Saturday detention will be assigned suspension time.

SUSPENSION

Any student who is flagrantly disobedient, insubordinate, or who gives evidence of severe emotional disturbance may be suspended for a period not to exceed ten (10) days on authorization of the school principal. Such suspension must be reported immediately to the superintendent and the parents, with reasons fully stated. Parents shall have the right to appeal such suspension in keeping with provisions of the Illinois School Code.

If gross misconduct is established, students may be suspended by the principal from any or all extracurricular activities for indefinite periods of time. Students eligible for transportation may be suspended from using such transportation by the principal. Such suspension must be immediately reported to the superintendent and the parents. Such suspensions must also comply with all due process rights of students.

A student may be suspended for five (5) school days from riding all buses, including extracurricular vehicles, if he/she receives three (3) bus disciplinary citations during a single school year. Parents will receive written notification with each citation. Each disciplinary citation beyond three (3) in a given single school year could result in an additional five (5) school day bus riding suspension. Extenuating circumstances, as determined by the administration, may void the aforementioned student bus suspension guidelines. However, if the offense is severe enough, a student may have his/her bus riding privileges revoked upon receipt of his/her first disciplinary citation.

EXPULSION

A student may be expelled from school or school transportation services only by the Board of Education on recommendation of the superintendent for reasons of gross disobedience or misconduct based on good and sufficient evidence and in keeping with provisions of the Illinois School Code. Such action must be recorded in the official minutes of the Board of Education.

COOPERATION WITH LAW ENFORCEMENT OFFICERS

School officials will cooperate with law enforcement officers who come to the school premises for purposes of questioning or taking into custody of students who are enrolled in the district. This relationship must be governed by procedures, laws, and judicial decisions designed to protect the legal rights of each student. When law enforcement authorities seek to interview a student, the administration will attempt to contact the student's parent or guardian before allowing the law enforcement agent to

interview the student. There may be extenuating circumstances that dictate a parental or guardian contact not be made.

Search and Seizure

To maintain order, safety, and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. School authorities include school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots) as well as personal effects left there by a student without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus. A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks, and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings, or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
4. Take a seat right away and remain in the seat facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods, iPads, smartphones, and other electronic devices must be silenced on the bus unless a student uses headphones.
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
9. Be absolutely quiet when approaching a railroad-crossing stop.
10. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
11. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
12. Never run back to the bus, even if you dropped or forgot something.
13. Be courteous to fellow pupils and the bus driver. Treat people as you want to be treated.
14. Help look after the safety of smaller children.
15. Do not ask the driver to stop at places other than the regular bus stop; he/she is not permitted to do this except by proper authorization from a school official.
16. Observe safety precautions at discharge point. Where it is necessary to cross the highway, proceed to a point at least ten (10) feet in front of the bus on the right shoulder of the highway where traffic may be observed in both directions. Wait for a signal from bus driver permitting you to cross.
17. Fighting on the bus for anyone involved will mean a written disciplinary notice and could result in an automatic five (5) day suspension from riding the bus.
18. Observe the same rules and regulations on other trips under school sponsorship as you would between home and school. Respect the wishes of the chaperone appointed by the school.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct on the bus.

***A student who receives three (3) written disciplinary notices within the same school year will be suspended from riding all Unit #10 buses for up to five (5) school days. This includes extracurricular buses. Each written disciplinary notice that a child receives beyond three (3), in the same school year, also means that the student will be suspended from riding the bus for five (5) school days.**
